South Africa*: draft resolution

Convening of the fourth special session of the General Assembly devoted to disarmament

The General Assembly,

Recalling its resolutions 49/75 I of 15 December 1994, 50/70 F of 12 December 1995, 51/45 C of 10 December 1996, 52/38 F of 9 December 1997 and 53/77 AA of 4 December 1998,

Recalling also that, there being a consensus to do so in each case, three special sessions of the General Assembly devoted to disarmament were held in 1978, 1982 and 1988, respectively,

Bearing in mind the Final Document of the Tenth Special Session of the General Assembly,¹ adopted by consensus at the first special session devoted to disarmament, which included the Declaration, Programme of Action and Machinery for disarmament,

Bearing in mind also the objective of general and complete disarmament under effective international control,

Taking note of paragraph 145 of the Final Document of the Twelfth Conference of Heads of State or Government of Non-Aligned Countries, held at Durban, South Africa, from 29 August to 3 September 1998,² which supported the convening of the fourth special session of the General Assembly devoted to disarmament, which would offer an opportunity to review, from a perspective more in tune with the current international situation, the most critical aspects of the process of disarmament and to mobilize the international community

and public opinion in favour of the elimination of nuclear and other weapons of mass destruction and of the control and reduction of conventional weapons.

Taking note also of the report of the 1999 substantive session of the Disarmament Commission and of the fact that no consensus was reached on the item entitled "Fourth special session of the General Assembly devoted to disarmament",³

Desiring to build upon the substantive exchange of views on the fourth special session of the General Assembly devoted to disarmament during the 1999 substantive session of the Disarmament Commission,

Reiterating its conviction that a special session of the General Assembly devoted to disarmament can set the future course of action in the field of disarmament, arms control and related international security matters,

Emphasizing the importance of multilateralism in the process of disarmament, arms control and related international security matters,

Noting that, with the recent accomplishments made by the international community in the field of weapons of mass destruction as well as conventional arms, the following years would be opportune for the international community to start the process of reviewing the state of affairs in the entire field of disarmament and arms control in the post-cold-war era,

1. *Decides*, subject to the emergence of a consensus on its objectives and agenda, to convene the fourth special session of the General Assembly devoted to disarmament;

2. *Requests* the Secretary-General to seek the views of Member States of the United Nations on the objectives, agenda and timing of the special session and to report to the General Assembly at its fifty-fifth session;

3. *Decides* to include in the provisional agenda of its fifty-fifth session the item entitled "Convening of the fourth special session of the General Assembly devoted to disarmament".
